Yes I like the way you smile with your eyes
 Other guys see you but they realize that it's my, my loving
 There's something about your laugh that it makes me want to have to
 There's nothing funny so we laughing, no-no-nothing

Every minute, it's like a last song
 Let's just take it real slow
 Forget about the clock, that's tick-tick-ticking
 I still feel it everytime
 It's just something I have to do
 Now ask me why I want to

It's everything about you, you, you
 Everything that you do, do do
 From the way that we touch baby
 To the way that you kiss on me
 It's everything about you, you, you
 The way you make it feel, new, new, new
 Like everybody, it's just us too
 And there's nothing that could want too
 It's everything about you, you, you
 Everything about you, you, you
 It's everything that you do, do do
 It's everything about you
